Raipur : Develop Gauthans as livelihood centers: Chief Minister Shri Bhupesh Baghel

Chief Minister Shri Bhupesh Baghel said in the meeting that Gauthans are not only a source of milk production, but also useful in providing employment and facilities to doctors. He informed that the farmers use the same land for multiple purposes.

He informed that the Agriculture Department had taken several initiatives to improve the infrastructure in Gauthans. He said that vermicompost, soap, and bio gas plants had been setup in Gauthans.

Chief Minister Shri Bhupesh Baghel said, "The Dairy Federation has to be involved in processing and marketing products. The Department needs to be strengthened to provide the necessary infrastructure."

Chief Minister Shri Bhupesh Baghel said that the Dairy Federation has to be involved in processing and marketing products. He said that the Department needs to be strengthened to provide the necessary infrastructure.

Chief Secretary to the Government Smt. Saumya Chaurasia said that the Dairy Federation had to be involved in processing and marketing products. She also said that the Department needed to be strengthened to provide the necessary infrastructure.

At the meeting, Agriculture Minister Shri Ravindra Choubey while giving detailed information about the current status of the Gauthans and the activities conducted there, informed that income-oriented activities are being conducted successfully by the women self-help groups of the villages.

The Minister also said that in 3350 Gauthans, a program of rabi seed production in 3072 hectares had been approved. He also said that in 11976 Gauthans, arrangements had been made for soil testing.

He also informed that about 400 tonnes of compost manure is being produced daily in one Gauthan. He also informed that fisheries, poultry and goat rearing activities should also be started in the areas of Gauthan. He also talked about linking Gauthans with the Chhattisgarh Dairy Federation.
