13 persons discharged after completing two-week quarantine period in Ganderbal

GANDERBAL, APRIL 10: Thirteen persons all from village Waskura, Ganderbal, were discharged after successfully completing their 14-day quarantine period, here today.

As a precautionary measure, these persons having contact history with the Covid positive case of Bandipora district, were shifted to hospital quarantine at the MMC, Watal, two weeks ago. The persons were under medical observation throughout their quarantine period and were discharged after clearance from doctors and health authorities.

Before shifting them to their homes, a team of doctors briefed them about all the precautionary measures they need to follow during their 14-days home quarantine.

Meanwhile, District Administration has appealed the general public to maintain social distancing and stop stepping out of their homes unnecessarily.
