39 more persons discharged after completing two-week quarantine in Srinagar

39 more persons discharged after completing two-week quarantine in Srinagar
1811 persons discharged so far after successfully completing their quarantine

SRINAGAR, APRIL 09: Thirty-nine (39) more persons who were shifted into administrative quarantine in Srinagar two weeks ago were discharged Thursday after successfully completing their 14-day quarantine period. Except one all these persons belonged to Srinagar district. Upon being discharged all these persons were ferried home in transportation the administration had arranged for their convenience. Concerned supervising officers oversaw their discharge and their transportation. The group like all others before was under thorough medical supervision throughout their quarantine period and was discharged after clearance from doctors and health authorities.
