COVID-19: Swasthya Nidhi App for health audit

COVID-19: Swasthya Nidhi App for health audit
District admin Rajouri organises training programme for master trainers
RAJOURI: APRIL 27: To ensure the successful collection of health data of every household in the district amid COVID-19 through Swasthya Nidhi application, the district administration Rajouri under the chairmanship of the Deputy Commissioner, Mohammad Nazir Sheikh today organised a day long training programme for 36 master trainers.

Swasthya Nidhi is a survey app to track suspicious COVID-19 patients and to take timely action. It is an integrated health audit & intensive screening framework designed to collect the health data of individuals from every household in J&K. The data after collection will be scanned by medical teams to take requisite action for preventing the spread of the virus.

Speaking on the occasion, District Informatics Officer, NIC Rajouri familiarised the participants about the technical know-how of the app and they were directed to educate the concerned BLOs in their respective areas regarding the use of the Swasthya Nidhi app.

Deputy Commissioner while addressing the participants said that it is a unique initiative of the Government which will help us to contain the spread of COVID-19. He appealed to public of the district to come forward and cooperate with survey teams visiting their door steps.
