KOVID JAGRITA PASS MANDATORY FOR ENTERING KERALA BY ROAD: CHIEF MINISTER

Thiruvananthapuram , May 09 : Chief Minister Shri Pinarayi Vijayan today reiterated that Kovid Jagrita Pass is mandatory for entering Kerala through border checkpoints from neighboring states.

“ People without pass will not be allowed to enter Kerala and will be sent back. Those who wish to come to the state, they must register through the highbrow Jagrita portal should then have to meet to begin their journey. Pass is mandatory for admission to the state. To crowd control the number of people is restricted who can cross the border every day, and are being issued in accordance with this,” the chief said.

So far 54,262 passes have been issued and through these, 21,812 Malayali states have returned from other states. Who come from other states, they Incivila in Thiruvananthapuram, Aryankav in Kollam, Walyar in Palakkad, are entered through Tlpadi Czech post Mutnga and Casrkod in Wayanad. More mass police have been deployed at check posts to reduce congestion.

According to the recommendations of an expert committee headed by Dr. Iqbal, people coming from other states will first undergo medical examination and those who have no symptoms will be sent home for a 14-day quarantine. If any symptoms, will be held a PCR test and will be sent to Kovid hospital.

Helpdesks for Overseas Malayals in Delhi, Mumbai, Bangalore and Chennai

Chief Minister Mr. Pinarayi Vijayan announced today that four helpdesks will be set up across the country for Malayals stranded outside Kerala. These helpdesks will be at Delhi Kerala House, Mumbai Kerala House, and Norca's offices in Bangalore and Chennai. Call centers for migrant Malayalis will also be set up at these four places.

The Chief Minister also informed that special non-stop trains will be run for the state from Mumbai, Bangalore and Chennai to bring back the stranded Malayals. He hopes that the first train will be from Delhi to bring back the stranded students. The date will be announced soon.

Status of migrant Malayalis returning from abroad

The Chief Minister said that 152 migrants from Riyadh, Saudi Arabia reached Kozhikode on 08 May. In addition to 142 migrant Malayalis, there were eight people from Karnataka and two from Tamil Nadu. It had 128 adults and 24 children, including 78 pregnant women. Of these 114 people were sent home and the rest were sent to various covid care centers.

Another flight from Bahrain to Kochi arrived yesterday with 181 passengers. Of these, 87 were male and 94 were female. These included 25 pregnant women and 28 children under 10 years of age. 15 people from Ernakulam have been kept under observation at the Kovid Care Center.
Three flights from Muscat to Kochi, Kuwait to Kochi and Doha to Kochi are expected to arrive in Kerala tonight.

Kovid from Kerala - 19 news

Two new cases, one person cured, a total of 17 patients continue treatment

Thiruvananthapuram, 09 May: Two new cases of Kovid-19 were confirmed in Kerala today. Both are expatriate Malayalees who returned from Dubai and Abu Dhabi on 7 May for the first evacuation flights to Kochi and Kozhikode. Both are native to Malappuram district.

Meanwhile, a patient in Idukki district recovered from coronavirus and tested negative today. So far, 505 cases of Kovid-19 have been confirmed in the state, and 17 patients are being treated in various hospitals.

With the return of migrants from inside and outside the country, the number of people under surveillance throughout the state 23,930 have went to. Of these, 23,596 are isolated at their homes and 334 at hospitals. 123 persons were hospitalized today.

So far, 36,648 samples have been sent for testing and 36,002 have not been detected. As part of the watchdog monitoring of people in the high-risk group, 3,465 samples were tested separately and the test result of 3,231 samples was negative.

Briefing the media, the Chief Minister Pinra Vijayan said, "are among the returning expatriate Malayalis who are exposed to new cases, it is a warning for those who come back from abroad and other states. There is a need to strengthen our efforts and preventive measures."
