KERALA COVID-19 TRACKER: SEVEN NEW CASES & NO RECOVERIES TODAY, TOTAL 27 PATIENTS UNDER TREATMENT

One new hotspot, total 34 hotspots

Thiruvananthapuram, May 11: Seven new cases of Covid-19 were confirmed in Kerala today. Four persons from Kasargod district and one each from Palakkad, Malappuram and Wayanad districts are those who tested positive. Four of them have returned from Maharashtra, one each from Chennai and Kuwait, and one have got the infection through local contact.

Meanwhile, no patient under treatment for Coronavirus tested negative today. Currently, 27 patients are under treatment in different hospitals in the State. This was informed by the Minister for Health, Smt K K Shailaja in a release.

Till yesterday, 1,307 persons have come back from abroad. Out of these, 650 have been quarantined at their homes, 641 at Covid Care Centres and 16 in hospitals. There are 229 pregnant women on this list.

27,986 persons are presently under surveillance across the State. Of these, 27,545 are quarantined at their homes and 441 are isolated at hospitals. 157 persons were hospitalised today.

So far, 37,858 samples have been sent for testing and 37,098 samples have been confirmed with no infection. As part of sentinel surveillance, 3,842 samples were collected from people in the high-risk group - healthcare workers, migrant labourers and those with higher public contacts, and tested. Out of these, 3,791 samples have tested negative.

One place in Wayanad district was declared as a hotspot today and now, there are 34 hotspots in Kerala now.
