KOVID-19 NEWS FROM KERALA: TWO NEW CASES TODAY, 13 PEOPLE ARE CURED, TREATMENT OF TOTAL 129 PATIENTS CONTINUES

Thiruvananthapuram, April 18: The Minister of Health and Social Justice of Kerala, Smt. KK Shailaja informed that the test results of 13 Kovid-19 patients came negative in the state today. There are eight patients in Kasaragod district, three in Kannur district and one each in Malappuram and Thrissur districts who recovered after treatment. With this, the number of cured patients has increased to 270. Presently, 129 patients are undergoing treatment in various hospitals of the state.

Meanwhile, two new cases of coronavirus infection were confirmed in Kerala today, one each in Kannur and Kasaragod districts. Both have returned from the United Arab Emirates (UAE), one from Dubai and the other from Abu Dhabi. This takes the total number of confirmed Kovid-19 cases to 401 in Kerala.

The number of people under surveillance in the state has reduced to 55,590 today. Of these, 55,129 are under surveillance in their homes and 461 in hospitals. 72 persons were hospitalized today. So far, 19,351 specimens with symptoms have been sent for testing and 18,547 specimens have not found any infection.
