STRICT RESTRICTION ON HOTSPOTS PUBLIC TRANSPORT INCLUDING BUSES WILL NOT BE ALLOWED IN KERALA

Chief Secretary Tom Jose said 88 stringent hotspots in the state would be strictly regulated and no concessions would be allowed. There are 88 hotspots in Kerala. The health department will release details of hotspots. Hotspots in the Orange and Green districts will also be strictly regulated. Restrictions will be relaxed in 24 Orange A districts and 20 Orange B districts. Lockdown will be tightened in Red category districts. The Chief Secretary said that the order has been issued in accordance with the guidelines of the Union Home Ministry.

People are now arriving with different passes from other states. The Chief Secretary said that no state border would be allowed to enter Kerala. However, as per the earlier decree, pregnant, chikitsa, and relatives attending the funeral will be allowed to cross the border.

Inter-district travel permits are also provided for medical emergency cases. Doctors, nurses, other health workers and government officials on duty will be allowed to travel to the neighboring district. This type of travel permit is limited to the nearest working district and vice versa. They can ride in their own vehicles. All those who go to work should carry an identification card. Strict action will be taken if those who are not on duty misuse this benefit.

Emergency services, duty-bound doctors, nurses, other health workers, government employees and women-driven vehicles are excluded from the single and dual arrangement.

50% of officers in Class I and II of government offices should be on duty. 33 per cent of class three and four attendees are required to attend.

The shops can only be operated on an earlier order. The same applies to districts in the Green category. Other than that the shops and shops are not allowed.

Paragraph 13.3 amended the Lockdown Guidelines Order issued last day. No public transportation, including buses, will be allowed in any district during this period. At the same time, only the buses, which use the special authority of the district collector, will be allowed to operate with strict restrictions on vehicles that are partly to transport workers and workers to work in commercial / commercial enterprises.

The chief secretary also said that morning / evening walk will be allowed in areas other than hotspots. But it must be done at home. The group will not be allowed to walk together. Shops and banks in the hotspots are the same as in lockdown. Masks must be worn in public places. Taxis and auto services are not allowed under the guidance of the Union Home Ministry.
