Focus On ‘Ruthless Containment’ To Stop Spread of Covid-19 Infection Constute More Team and Do Survey of Every House – Chief Minister

Jaipur, April 12, 2020: Chief Minister Shri Ashok Gehlot has said that the focus should be on ‘Ruthless Containment’ to stop spreading of Covid-19 infection. Caretive zones identified as hotspots and lockdown in the vicinity of these areas should be strictly followed. Following to the ‘Bhilwara Model’ it is deemed to survey every house by forming mini teams so that corona infected people are identified and in due time and spreading of infection should be stopped.

Shri Gehlot was discussing with district collectors of various districts and senior officers involved in preventing spreading of corona infection through video conference on Sunday from his official residence. He took information about the tests being done every day in the districts having positive patients and about the availability of testing kits.

The Chief Minister directed the Collectors to ensure that every house was surveyed without any lapse in order to detect any corona infected people. He directed that all the members of the Houses having positive patients should be isolated and kept in quarantine.

Chief Minister also directed the Collectors to ensure that the daily tally of corona infected patients is maintained in every district and that every day the tally should be updated.

Shri Gehlot directed the Collectors to ensure that the local level quarantining and treatment of corona patients are done in every district. He also directed that Delhi Govt. should be informed that it is essential to keep the District Level Treatment Centres (DLTC) in each district.

Additionally, the Chief Minister directed the Collectors to ensure that all government and private hospitals having the capacity to handle corona patients are dedicated only for corona patients and get registered as Dedicated Covid-19 Hospitals.

Chief Minister also directed the Collectors to ensure that the number of quarantine facilities be increased and large number of people could be kept in quarantine.

Lockdowns and Curfews should be Strictly Followed

Chief Minister said that special precautions should be taken in districts that are badly affected and directed to keep the lockdowns strictly followed in those areas. He said that in Bhilwara 25 corona positive people have recovered, but still around 4000 people are kept in home quarantine.

Ensure Survey of Every House

He said that the collectors in those districts should take this pandemic seriously in order to control the spread of corona virus. He also directed that in every house the survey should be done by forming mini teams so that every house is surveyed. Family members, relations and other people who have come in contact with positive patients should be quarantined and if required need to be isolated.

He asked the collectors that no positive person should be left out from the health department.

Training of the Person having positive cases should be persuaded that the only measure to stop the pandemic is to stay in isolation. He asked the collectors to prepare special quarantine arrangements for the densely populated areas.

Chief Secretary Shri D V Gopal said that the people should strictly follow social distancing while distributing food and rains items to needy people. Clicking photographs and publicity while distributing ration items should be stopped.

Additional Chief Secretary Home Shri Rajeeva Swarup said that the State Government’s intention is to provide ration items to every needy during lockdown. In such situations it is seen that ration reaches the genuine needy. He took information from the Collectors about the people who are depressed in the quarantine centres and about the facilities available there.

As far as More Than 2500 People Have Been Treated

Additional Chief Secretary Medical and Health Shri Bhishma Kumar Singh said that more than 25000 persons have been done in the State till Saturday evening and Rajasthan is on second place after Maharashtra in regards for corona vaccine. He said that he is preparing the vaccine to be administered in each Community Health Centre (CHC) and dispensaries. Apart from this samples are being collected at the CHCs and dispensaries and more number of tests will be done in due course.

Chief Minister directed to arrange maximum number of quarantine centres. He said quarantining of people in ledger should be avoided because corona positive patients have to be kept in hospitals for treatment. He directed that fake proceure of people kept in quarantine and provide them food should be stopped.

Chief Minister directed the Collectors to ensure that the number of quarantine centres be increased and the number of people kept in quarantine be increased so that more number of people can be covered.

Chief Secretary Shri D V Gopal said that one should strictly follow social distancing while distributing food and rains items to needy people. Clicking photographs and publicity while distributing ration items should be stopped.

Constitute More Team and Do Survey of Every House – Chief Minister

Chief Minister directed the Collectors to form separate teams and give them tasks. A team under the supervision of District Supply Officer should look after the arrangements of food, while a team led by the Medical Officer should look into screening in different areas. If any symptoms are found during screening then that person should be tested.

He asked the collectors to pay special attention towards the densely populated areas.
