CM directs officers to take appropriate steps in containing the Covid-19 and preventing other infectious diseases in the rainy season

Tread with caution in Meerut division including Gautambudh Nagar and Ghaziabad

TruNAT and Rapid Antigen machines should be run on full capacity for more testing

The hospitals running OPDs should compulsorily have Covid Help Desk

Special measures to prevent the government officers and employees working in the field from Corona infection

Surveillance teams should visit the homes and distribute handbills showing Corona preventive measures

CM reviewed the infectious disease control drive to be conducted from 1st to 31st July, 2020

Perfect inter-departmental coordination to take the works to the lowest rung

Wide publicity campaign for prevention of infectious diseases

Extensive cleanliness drive should be launched

Ensure spray of anti-larva chemicals and fogging in an effective manner

Put an effective ban on single use plastic

Flood control measures should be taken with all cautions: flood relief camps to be set up in advance

Take effective measures to control the menace of locusts

Strengthen the cow-shelter system and ensure availability of fodder

Lucknow : 29 June, 2020

The Uttar Pradesh Chief Minister Yogi Adityanath Ji has said that there should be no laxity in maintaining the sanitation and hygiene. He directed to take appropriate steps in containing the Covid-19 and preventing other infectious diseases in the rainy season.

Presiding over a high-level Unlock review meeting at Lok Bhawan here on Monday, he asked to tread with caution in Meerut division including Gautambudh Nagar and Ghaziabad.
The Chief Minister said the arrangements in the Covid hospitals should be adequate and efforts should be made to increase the capacity of beds. He directed to maintain proper supply of oxygen in every district and ensure the doctors and nursing staff take regular rounds in the hospitals. Paramedics should monitor the condition of the patients and inform their relatives at least once in 24 hours. He also asked to keep '108', '102', and ALS ambulances in active mode all the time while the availability of oxygens in the ambulances has to be made compulsory.

The Chief Minister directed to ramp up Covid testing increasingly and asked to use all the resources of various institutions for testing capacity enhancement. He said the TruNAT and Rapid Antigen machines should be run on full capacity for more testing. In order to control the spread of Covid, the private hospitals should be encouraged to use TruNAT machines, he said.

The Chief Minister was informed in the meeting that as many 22,378 samples were collected for testing on Sunday last. He was also told that 25 government and 17 private labs are functional for Covid testing. Asking to expedite the process of setting up Covid help desk, he directed to establish help desks in all the departments and institutions. He said the private hospitals and the hospitals running OPDs should compulsorily have Covid Help Desk.

The Chief Minister said that mass awareness is required to increase use of the two meter social distancing norm. In view of this, the awareness campaign should be intensified while the hoardings of Corona prevention should be placed at vantage locations. He said that contact with the individuals increases the risk hence the government officers and employees working in the field should be sensitised about this. If somebody gets infected, he should be replaced immediately. There should be perfect inter-departmental coordination to take the works to the lowest rung.

The CM directed the Health and Medical Education department to strengthen the surveillance system. The surveillance teams should visit the homes and distribute handbills showing Corona preventive measures. This can prevent encephalitis as well, he observed. He also reviewed the infectious disease control drive to be conducted from 1st to 31st July, 2020. He also directed to alert the PHCs and CHCs about infectious diseases prevention. The human resource should be trained and the ambulances to be kept in preparedness, he added.

The Chief Minister said that awareness is very important in controlling the infectious diseases and in view of this, the information department should launch an extensive publicity campaign. The hoardings and posters should be placed at PHCs, CHCs, Markets, Crossings and other prominent places for
awareness. He asked the Urban Development Department, Development Authorities and Local Bodies to launch a cleanliness drive in urban areas and Panchayati Raj and Rural Development department in the rural areas. He asked to ensure participation of all the government and private offices in this drive. He also directed to ensure spray of anti-larva chemicals and fogging in an effective manner.

The Chief Minister asked to put an effective ban on single use plastic. He also directed the Women and Child Development Department to ensure availability of nutritious food and create an awareness about this among the women. He said the drinking of warm water and filter of water should be encouraged along with ensuring the availability of potable water. He said that the flood control measures should be taken with all cautions in view of early onset of monsoon. The flood relief camps should be prepared in advance and effective measures to be taken to control the menace of locusts. He also directed to strengthen the cow-shelter system and ensure availability of fodder.
