Three-day National level Training Programme on

"Emerging Technologies in Disaster Preparedness and Response"

📅 **19 - 21 January, 2026**

📍 **NIDM Vijayawada**

The programme is designed to equip disaster management professionals and line department officials by familiarizing them with the application of emerging technologies such as GIS & Remote Sensing, Artificial Intelligence (AI), Machine Learning (ML), Internet of Things (IoT), drones, digital twins, and social media intelligence in disaster preparedness, early warning, and emergency response.

Delivered through Interactive Lectures, Group Discussions, Hands-on Exercises, Case Studies, Field Visit and Documentaries.
