

**National Level Training Workshop on
“Disaster Management”**
jointly organized by
NIDM and Ministry of Mines, Govt. of India,
on 23 May 2019 at YMCA, New Delhi

BACKGROUND

NIDM has been mandated by **Sub-section 8 and 9, Section 42, Chapter 7 of Disaster Management Act 2005** to develop training modules and educational materials, undertake training, research, documentation and publication for capacity development and dissemination of knowledge / information related to disaster management, **assist in formulation of policies, plans, strategies and frameworks for disaster risk reduction and resilience** as well as promote awareness among different stakeholders for enhancing human capacity to avoid, prevent, mitigate, prepare, respond and recover efficiently in a proactive, holistic and integrated manner.

The Institute has been organizing various training courses and conducting seminars / workshops / conferences covering wide spectrum of themes at the national and international levels besides publishing several training modules and other documents including case studies, templates and disaster reports.

NIDM has been trying to bring various stakeholders at one platform through activities like India Disaster Management Conference, National Platform for Disaster Risk Reduction, South Asia Policy Dialogue, East Asia Summit for Earthquake Risk Reduction and Asia Ministerial Conference for Disaster Risk Reduction for better networking, linkages and coordination. The recent declarations at the international levels during the Sendai Framework for Disaster Risk Reduction, Prime Minister's 10 Point Agenda on DRR, Climate Change Action Plans, Urbanization Agenda and Sustainable Development Goals have also emphasized on collective synergized action and integrated approach for Climate and Disaster Resilient Safer Sustainable Development.

INTRODUCTION

Section 36 and 37 of the Chapter 4 in the Disaster Management Act 53 of 2005 envisages the Ministries to undertake responsibilities for disaster risk assessment, prevention, mitigation, preparedness and response. The DM Act also mandates every Ministry / Department to prepare its Disaster Management Plan covering various dimensions and aspects of disaster risk reduction and resilience as well as capacity enhancement and financial strategies for it.

National Institute of Disaster Management (NIDM) has been mandated under the DM Act to support Government and other stakeholders in policy, planning and capacity enhancement including training, research, documentation, publication etc. in order to mainstream disaster risk reduction and resilience across different sectors in the Ministries / Departments (**Section 42(9) of the DM Act**). The Institute has nominated its faculty members as **Nodal Officers for coordination with Central Ministries, vide Office Memorandum of even number dated 20th August 2018.**

In this regard, NIDM proposes a collaborative one day national level training workshop on 23 May 2019 at New Delhi, jointly with Ministry of Mines, Government of India, for the officers / functionaries of the relevant Ministries / Departments / Institutions to share and exchange knowledge / information on Disaster Risk Reduction and Resilience including some important national initiatives and international agreements / frameworks on DRR including Disaster Management Act, National Disaster Management Plan, National Disaster Management Policy, Standard Operational Procedures on Disaster Management and various Guidelines on different types of disasters and related functions, (SFDRR), Climate change (COP21), sustainable development (SDGs), urbanization agenda and Prime Minister's 10 point agenda in disaster management. The training workshop will focus on preparation of Disaster Management Plan by the respective ministry / department / institute. The Ministry may constitute a working group of relevant officials / functionaries to formulate a draft DM plan with academic facilitation by NIDM faculty. NIDM can also collaborate with education / training / research institutes under the respective Ministry / Department for organizing trainings, workshops and meetings as well as publication and documentation / development of IEC materials with focus on various activities related to disaster risk reduction and resilience.

The programme involves senior level resource persons, experts, professionals and functionaries who have very long and meaningful experiences with vast knowledge on the subject. During the programme, there will be presentations, panel discussions and group exercises on planning for disaster management and its implementation issues with examples from India and abroad, sharing of ideas and expertise / skills related to disaster risk reduction and resilience with scope, advantages and limitations as well as issues, challenges and opportunities in managing disaster events including the ethical perspectives. Government of India has established a well-structured disaster management system defining roles, responsibilities and procedures for different stakeholders as well as allocation of adequate funds through different mechanisms for undertaking activities on DRR&R. It has also laid down guidelines, procedures and protocols for Disaster Management functionaries. The programme will provide information about such documents and key important points to be considered in disaster risk reduction and resilience.

The representatives from the respective Ministry / Department / Organization / Agencies would be encouraged to take necessary initiatives for preparation of disaster management plans for their respective geographical / territorial and functional regimes.

It is expected that the programme would serve as a milestone for further actions in enhancing our capacities to reduce disasters and their impacts as part of the national goal to make the country disaster resilient through proactive prior planning on disaster risk reduction and resilience at proper place and time.

OBJECTIVES

At the end of the training workshop, the delegates / participants will be able to

1. To develop better understanding about Disaster Risk Reduction and Resilience (DRR&R)
2. To learn about the relevant Act, Policy, Plan, Guidelines and SOPs on Disaster Management in the country
3. To know about the important international agreements and declarations on disaster risk reduction, climate change, urbanization and sustainable development
4. To initiate activities on **formulation of disaster management plan** for their functional and geographical regimes
5. To discuss the collaboration and strengthening mechanisms for effective implementation of disaster management related activities

TARGET GROUP

The target group for this programme would be middle and senior level functionaries from the central and state governments representing particularly the Ministry of Mines and its allied as well as attached institutes / organizations / agencies and office. The nodal officers for disaster management amongst them will be the key stakeholders to work in a coherent and coordinated manner with other ministries, departments and organizations as well as NDMA, MHA, NIDM, State Revenue and Disaster Management Department, SDMAs, DDMA, SDRFs, QRTs, NDRF, ATIs, SIRDs, Police, Researchers, Academicians and other stakeholders working in this subject area.

WHY THIS TRAINING WORKSHOP?

Due to inadequate information, knowledge and experience on disaster management with concerned stakeholders, there is a gap in effective planning and implementation for disaster risk reduction and resilience amongst different ministries / departments / organizations / agencies in the Governments at various levels. Government functionaries and officials in can play a significant role in disaster risk reduction and resilience. The programme aims to fill this gap in a proactive mode through such efforts.

ABOUT NIDM

National Institute of Disaster Management (NIDM), Ministry of Home Affairs, Government of India is a premium institute and a Statutory Body (under Disaster Management Act 2005) for training, research, documentation, awareness and human resources and capacity development in the field of disaster mitigation and management. The institute lays emphasis on multi-stakeholder interdisciplinary cross-sectoral approach for an efficient proactive continuum disaster risk management based on participatory integrated multi-risk management concept. It aims towards a disaster free / resilient India.

VENUE AND DURATION

The programme will be held at YMCA, Gate 1, Jai Singh Road, New Delhi - 110001. It will commence at 10am on Thursday, 23 May 2019 and will conclude on the same day at about 6pm. The duration of the training programme will be 1 day. The deliberations during the training workshop will be done primarily in English language.

REGISTRATION

The delegates / participants of the programme will assemble in YMCA, New Delhi at 10 a.m. on Thursday, 23 May 2019 and will register themselves. NIDM staff will assist them in Registration.

PROGRAMME DETAILS

The programme details including the topics and the likely resource persons are given in the leaf on Tentative Schedule of the programme.

HOW TO REACH NIDM / YMCA?

NIDM / YMCA is located at about 4 km from New Delhi Railway Station, 6 km from Old Delhi Railway Station, 10 km from the Nizamuddin Railway Station and 30km from the Airport.
